

## 2018 SDSU Aztec Baja SAE Competitions

Reported by Max Drew, SDSU Aztec Baja Team Manager

The [SDSU Aztec Baja SAE](#) team is on a round trip journey of 7,500 miles, with the off-road buggy they built to compete in all three 2018 Aztec Baja SAE Competitions:

April 19-22, 2018, Budds Creek Motocross Park, in Mechanicsville, Maryland. The first event took place at a National Motocross track that was retrofitted to fit a 1.8 mile endurance race course, incorporating obstacles such as logs, curbs, and rocks.

May 17-20, 2018, Pittsburg State University, in Pittsburg, Kansas. All events for the second event were held on the school campus with a 1.6 mile endurance race course.

May 30-June 2, 2018, the third and final competition, will take place in the Oregon Washougal Motocross Park. The course will be very similar to the Budds Creek Motorcross Park, being that both locations are National Motocross tracks.

SDSU Aztec Baja SAE received high rankings (out of 100 schools) at the Maryland and Kansas events:

### Maryland

7<sup>th</sup> Place - Acceleration Event

8<sup>th</sup> Place - Endurance Race

13<sup>th</sup> Place - Design Presentation (SDSU best finish)

13<sup>th</sup> Place – Overall Competition Finish

### Kansas

3<sup>rd</sup> Place - Endurance race

5<sup>th</sup> Place - Overall competition finish (SDSU best finish)

12<sup>th</sup> Place - Design Presentation (SDSU best finish)
